CHILD PROTECTION POLICY GUIDELINES - 2005

These Child Protection Policy Guidelines are provided in response to a number of enquiries for advice - there is no intention to raise spectres of doom but simply to raise awareness and hopefully reassure that there is still a place for common sense.

This policy has been adapted from the policy document drafted by Bev and Ray Langton, (who organise a number of children's festivals throughout the country) on behalf of the Association of Festival Organisers. .

The Morris Ring cannot be held responsible for the policies or actions of member or associate sides of the Morris Ring or the actions of individual members of such sides. The Morris Ring is an umbrella organization whose member / associate sides are autonomous groups. What follows are simply guidelines, suggestions of 'good practice', and must be interpreted in this light. They do not purport to be a definitive statement of law and it remains a matter for individuals or sides to seek professional guidance in any case of doubt as to appropriate steps to be taken.

Notes: *This guidance is divided into three sections:*

1. Situations where children and young people are members of the side and attending practice sessions and public performances.
2. Situations where children and young people are members of the side and attending residential events - e.g. Ring Meetings or Ales.
3. Situations where children and young people are attending workshops or other events where Morris dancers come into contact with unsupervised children.

Situation 1

Suggestions:

At any Morris event (including practices) any child under the age of 8 must be under the direct supervision of

- His parent/ guardian - or
- a responsible adult who is either a direct blood relative or
- an appropriate (police-checked) named individual adult

Where the responsible adult is not the parent / guardian the side must be satisfied that the parent(s)/guardian(s) are aware of the nature of the event and happy with the planned level of supervision¹.

At any Morris event (including practices) any child under the age of 16 should be the responsibility (in terms of safety AND behaviour) of

- His parent/ guardian - or
- a responsible adult who is either a direct blood relative or
- an appropriate(police-checked) named individual adult

Where the responsible adult is not the parent / guardian the side must be satisfied that the parent(s)/guardian(s) are aware of the nature of the event and happy with the planned level of supervision

Situation 2

Where the event involves overnight accommodation and / or changing and / or washing /showering facilities additional safeguards might be necessary. *The basic FACT is that no minor must ever be alone with only one other non-relative.*

Situation 3

The attached outline policy was written for use by Morris sides when hosting workshops or instructionals where 'outside' children or young people might be involved.

Electronic copies can be obtained from the Ring Bagman.

¹ Where children join Morris sides as members, this policy should be viewed alongside the approach that it is for the parent or guardian of the child to decide how much unsupervised contact his/her child will have with the side. It is, however, the responsibility of the whole side to be aware of what is, or is not, appropriate under Children and Young Persons Protection Legislation.

THE MORRIS RING CHILD PROTECTION POLICY

The policy will need to be amended for use by the individual Morris side, replacing the asterisks with the name of the organisation hosting the event. (i.e. *Each Side will need to amend this policy according to their specific venues, activities and individual programmed events for children.*)

PROTECTING CHILDREN FROM SEXUAL ABUSE

The Morris Ring is totally committed to protecting all children, of all ages, from sexual abuse by any adult.

This Safe Child Policy has been modelled on the Association of Festival Organisers document with their thanks and it is understood that the AFO's policy has been produced, following detailed research into aspects of *Child Protection and the Prevention of Unsuitable People from Working with Children and Young Persons*.

Documentation consulted for the research included:

- DfES Guidance 0278/2002: Child Protection: Preventing Unsuitable People from Working with Children and Young Persons in the Education Services
- DfES Guidance 0780/2002: Criminal Records Bureau: Managing Demand for Disclosures
- The Criminal Justice and Court Services Act 2000
- Chapter 22 of the HSE The Event Safety Guide
- Out of School Care: Guidance to the National Standards published by OFSTED

The Morris Ring believes that it appears to be neither practically possible nor legally required, for all performers and volunteers working with Children, to be police checked or to have a Criminal Records Bureau Disclosure. *Any Children's events organiser will be required to fulfil these requirements.*

To ensure that children are protected from both sexual and all other types of abuse, the organisers of the ***** reserves the right not to employ in any capacity:

- Any person with a known history of sexual abuse to children
- Any other person that they feel presents a danger or threat to the safety of children

The organisers of the *** will endeavour to take all reasonable steps possible, to ensure that there are no situations where any artist or volunteer steward is working within a situation where they have sole charge and unsupervised access to children.**

If any person reports any incident of unacceptable behaviour towards any child, ***** is committed to taking immediate and appropriate action, to ensure the safety of children within the event.

The organisers of the ***** is totally committed to annually reviewing its Safe Child Policy, to ensure that there is neither complacency nor negligence in its commitment to protecting children from abuse.
